

Valentine's

SPECIAL MENU

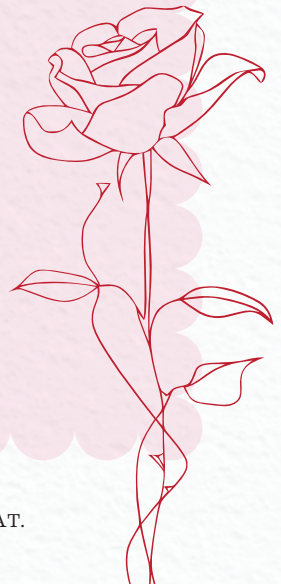

Food is symbolic of love when words are inadequate
- Alen D. Wolfelt

And our team has put together an exclusive experience embodying just that. Every detail - from romantic music, a glass of sparkling upon your arrival, fresh roses, to a beautiful candle-lit table, is designed to set the tone, specially for you and your loved one.

Adding to the charm, our 6-course Valentine's special menu is true testament to expressing love through the art of food, crafted with global ingredients and modern techniques, and rooted in Indian flavours. The experience begins with Prelude, unfolds into Essence, and flows into Interlude to refresh your palate. The evening then builds to Crescendo and concludes with Finale, leaving you with a sweet memory to cherish for a lifetime.

With Love,
